

ITEM 448

BRIDGE PLAQUE

448.1 Description. This item describes the plaque to be furnished and installed on a bridge structure at the location designated on the contract drawings or as ordered by the Engineer.

448.2 Materials.

A. The plaque shall be made of solid cast aluminum and to the dimensions shown on the plaque drawing.

1. The letter style shall be BLOCK.
2. The background texture shall be matte.

B. The plaque shall be affixed to the bridge structure either cast in place or affixed utilizing methods approved by the Engineer.

448.3 The Contractor shall submit a **sample** of the proposed layout of the print to be used on the plaque to the Engineer for approval prior to fabrication. Harris County reserves the right to make name changes at that time.

448.4 Measurement and Payment.

The plaque shall be measured by each, installed at the location designated on the contract drawings or as ordered by the Engineer.

Payment for the plaque shall be by each at the contract unit price bid. Payment shall be full compensation for furnishing and installing the plaque in the designated place and all work associated with the plaque to include submission of the sample of the plaque for approval, prior to fabrication of the plaque.

NOTE: This Specification Requires a Drawing that shall be incorporated into the proposed Standard Construction Drawings.

There are line code(s), description(s), and unit(s) for this item.
